Japanese kobido massage

Signature massage with bamboo sticks – a perfectly universal massage which may give you either regeneration after a physical activity, loosen your tense muscles or provide a lymphostasis drainage. According to your needs and wishes, the massage is performed in the soft relaxing form or as a more intensive sports massage.

Classic, most popular massage – provides instant and profound loosening of tense muscles. Concerns both the locomotor system, connective tissue, nerve ends within the skin as well as the cardiovascular and lymphatic system. The massage accelerates the circulation of blood and lymph in the skin vessels, as a result of which all the cells are now much better nourished and toxins expelled much sooner. Available both in the whole body and in the partial version.

Delicate relaxing whole body massage – combats stress and brings solace to the soul. Makes you hear your inner voice at last and find the music within. Now, you're at ease, on cloud nine, with perfect harmony around. This massage is supposed to first and foremost reduce stress and tension. Aromatic oils used for the procedure caress your senses for many days and nights afterwards.

Candle massage – a profoundly relaxing therapy with a special candle whose wax turns into a warm and sensual massaging oil. The beeswax, the excellent shea butter and clear high quality essential oils show wonderful cosmetic properties. The candle pampers your skin with the richness of vitamins and various regenerating substances. After the procedure, the skin is well-moisturised, thereby young and beautiful for long.

Hot stone massage - a perfect fusion of the warmth coming from the basalt stones with the classic massaging techniques. The procedure shows excellent relaxing, analgesic properties and gives you pleasure beyond measure. Recommended especially for those who in the autumn-winter season yearn for warmth.

Lymphatic drainage - the lymph is mechanically pushed onwards, which in turn clears the lymphatic nodes and improves the circulation of lymph within your body. It shows a beneficial influence on producing lymphocytes, transporting water and mineral salts as well. The drainage effectively combats bacteria and removes oedema.

Cupping massage - the vacuum created inside the special cups placed on the skin sucks it in and thereby stimulates the circulation of blood and body fluids. Boosts the metabolism, which in turn supports burning the adipose tissue. A priceless remedy against cellulite and a form of the lymphatic drainage. Apart from all the properties mentioned thus far, the massage calms you down up to the heart's core.

Japanese kobido massage- Give your face a breath and take advantage of our new Japanese KOBIDO massage. Skin revitalization and smoothing of wrinkles, lifting the oval of the face. Give yourself 80 minutes that will change your face.

Morocco | 60 min | 240 zł

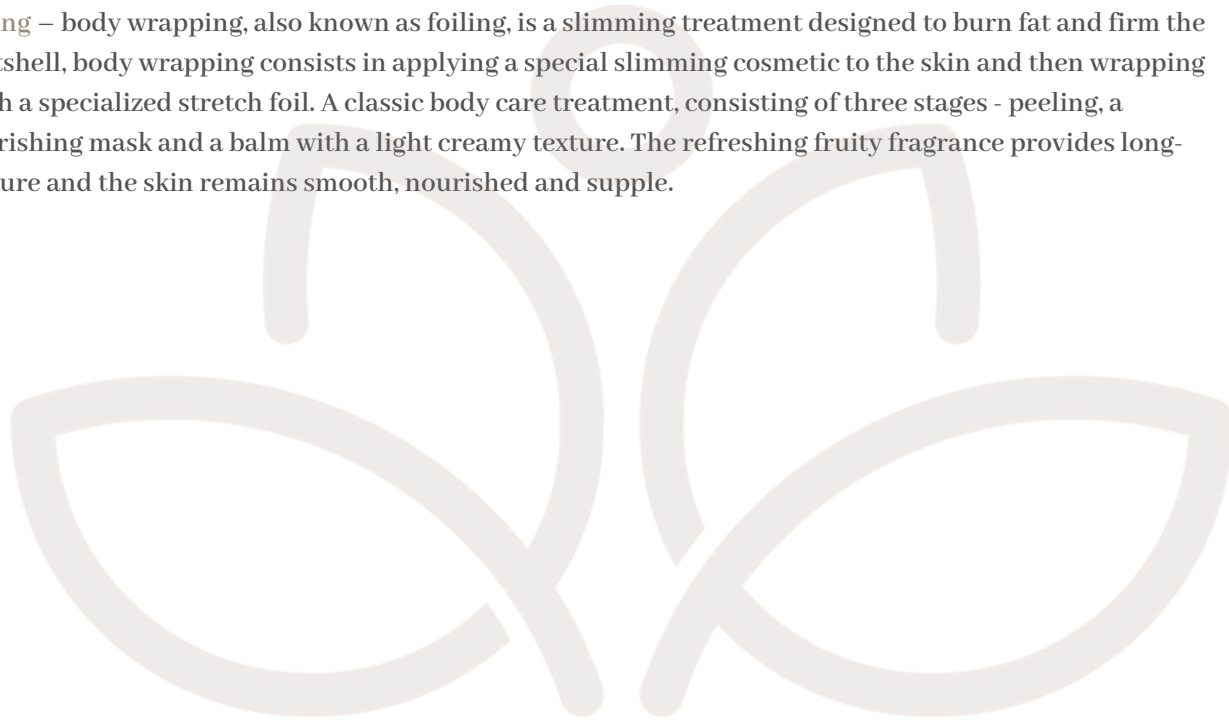

Body wrapping | 60 min | 240 zł

Black orchid – this ritual makes your soul calm and your body firm, simply velvety smooth. The first of three steps is washing the whole body with fluffy glycerine foam, then comes a nourishing scrub, extremely rich in various nutrients, followed by a relaxing shea massage. The ceremony ends with a warming basalt stone massage for your feet.

Fruit delight – the fresh scent fruit is omnipresent here. You can smell it both during the scrub procedure and the relaxing massage of your whole body. The final touch of the ceremony is a soothing massage with a nourishing pumpkin mask to remove any tension in your face, neck and neckline.

Morocco – this ritual is based on the renowned, extremely precious treasure of Morocco, namely the argan oil, enriched with 24-karat gold for better effects. The tiny little gold particles can be found both in the skin smoothing scrub and in the nourishing shea butter, making your body glitter. As the final touch, there comes a relaxing massage of the nape of the neck and shoulders with bamboo sticks.

Body wrapping – body wrapping, also known as foiling, is a slimming treatment designed to burn fat and firm the skin. In a nutshell, body wrapping consists in applying a special slimming cosmetic to the skin and then wrapping the body with a specialized stretch foil. A classic body care treatment, consisting of three stages - peeling, a delicate nourishing mask and a balm with a light creamy texture. The refreshing fruity fragrance provides long-lasting pleasure and the skin remains smooth, nourished and supple.
